SECTION SF 30 BLOCK 14 CONTINUATION PAGE

The following Questions were received from vendors. Additional technical questions were received, but it was determined that the Solicitation provides sufficient information needed to submit a response.

1. Is this effort currently being performed by contractor or Government personnel? If the work is being performed by contractors, who is the current Contractor?

Telephone support for the Depot is currently provided by the Government, with a level of support provided by Contractors. Upon award of this contract, the Government will continue to maintain the Telephone System, and the successful offeror will provide the contractor support defined in the Statement of Work. Please note that the Level of Effort is defined in the Statement of Work and Line Item Descriptions. The current Contract support is through Contract Number N00189-02-D-0042, Delivery Orders 4601 and 4605, FSS/ALUTIQ JOINT VENTURE, Anchorage, AK. If additional information regarding this is desired, you may submit a Freedom of Information Act (FOIA) Request. A FOIA request may be sent to the issuing office at the following address:

The Line Items define the Level of effort for each month of support. The period of performance is 1 Base Year (12 Months) with 3 Option Years (12 Months each). The Base Period and Each Option Period has an Optional Line Item for up to 500 hours of additional support. See Section F.

4. What are the Security Requirements? Is a Security Clearance required?

The Security Requirements are included in the Solicitation. There is no requirement for a Security Clearance.

PLEASE NOTE THAT THE PROPOSAL RESPONSE DATE AND TIME REMAIN UNCHANGED.
